PROJECTS & WORK EXPERIENCE

Imagine Software MSU   September 2023 - Present

App/Web Developer

Part of a team developing a mobile app for OnTheRise, a volunteering app that allows charities and other organizations to post events for advocacy and fundraising. My role in the project is utilizing both the frontend and backend to create a visually appealing and intuitive UI.

Staples, Inc   June 2022 - August 2022

Retail Sales Associate

- Provided exceptional customer service helping them find products and providing solutions
- Multitasked on cashier, sales and merchandising responsibilities
- Respond quickly and resourcefully to customer requests and concerns
- Understand and use basic selling skills to engage and present solutions
- Be flexible on responsibilities (e.g., returns, online pick-ups, cleaning, other duties as assigned)
